As a manufacturer

## CERTIFICATE No. 22/5230/00/0161

Has obtained EU TYPE EXAMINATION in compliance with what is set out in Annex V (module B) in Regulation (EU) 2016/425 and in agreement with the applicable test procedures and technical specifications

PROTECTIVE EQUIPMENT AGAINST FALLS FROM A HEIGHT, according to the following standard/s:

EN 361:2002

EN 358:2018

Having achieved the performance requirements specified in conformity assessment report No. **2022AT0161UE** and the PPE's Technical Documentation.

### Description of the PPE:

The IRUDEK LIGHT PLUS 4 PPE consists of a fall arrest harness designed to be used to prevent falls from heights.

The model has an anchorage point ring at the back, consisting of a webbing with loop terminals attached to the harness by means of a ring, and another front anchorage point consisting of two textile loops with reinforcements. It incorporates two identical side 'D' rings to be used for fastening and positioning.

The PPE includes padding on the belt.

The harness includes six metal adjustment buckles, one on each shoulder, one on each leg, one on the chest and one on the belt.

The model is marketed in blue webbing with yellow lines and yellow with blue lines on leg loops and dorsal anchorage with white stitching.

The materials that form the PPE, are described in the conformity assessment report nº **2022AT0161UE**.

It shall be the manufacturer's responsibility to provide specific information of this certificate and the tested levels of protection.

**The CAT. III PPE shall only be used in conjunction with one of the conformity assessment procedures according to module C2 or module D described in article 19 letter c) of the Regulation (EU) 2016/425.**
